

Quick-guide: leaf mines and plant galls

By Moria Robinson and the HerbVar Insect Sampling Subgroup

For all plants, record the number of leaf mines and galls on the entire plant

For folks less familiar with leaf mines or plant galls, here is a quick visual guide.

Leaf mines

Upper middle: multiple linear mines in a single leaf (each = a single continuous line - I see 3?)

Below; several examples of multiple blotch mines on single leaves

Galls

- Leaf

- Stem / branch
